

Four Seasons Estates ROC, Inc Construction/Work Request

Name: _____ Unit Number: _____

Phone: _____

Request: _____

I understand that the change/improvement I wish to make may require a building permit from the City of Largo and that I or my contractor are required by law to obtain said permit before commencing the project. I am also aware that should any digging be done near the vicinity of my unit that I am required to contact underground utilities by calling 811 to ensure that my project will not interfere with existing installations or water lines. Failure to contact 811 prior to digging will make you responsible for the cost involved to fix any damages done. Hours of work are: 8 AM to 6 PM Monday-Saturday only.
